24 FICTION BOOKS OUT NOW!

Have you ever wondered what would happen if your favourite TV characters came to life?

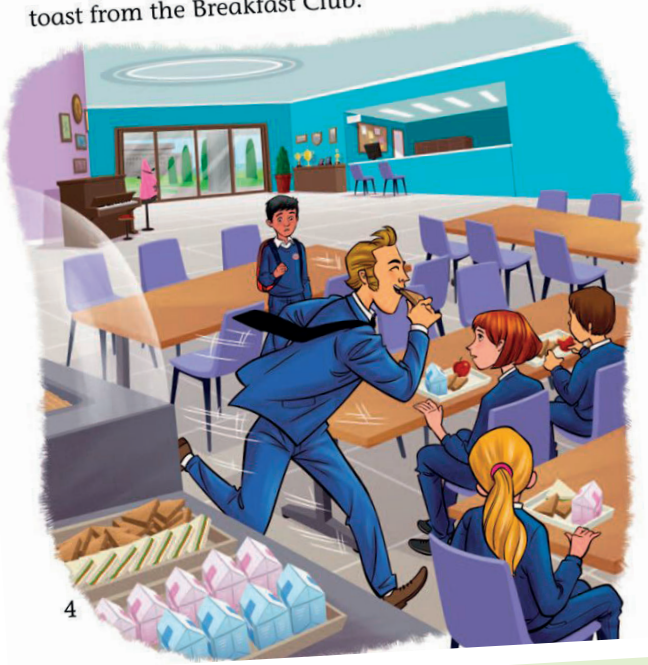
Shinoy is an average ten-year-old kid whose gaming app has a unique upgrade – a button that makes his TV heroes come to life!

In every story Shinoy is faced with a mystery in his own world – such as when gravity becomes too strong or rain starts falling upwards – but he can quickly use his app to call up a member of the Chaos Crew and together solve the problem.

Mr Amitri skidded to a halt.

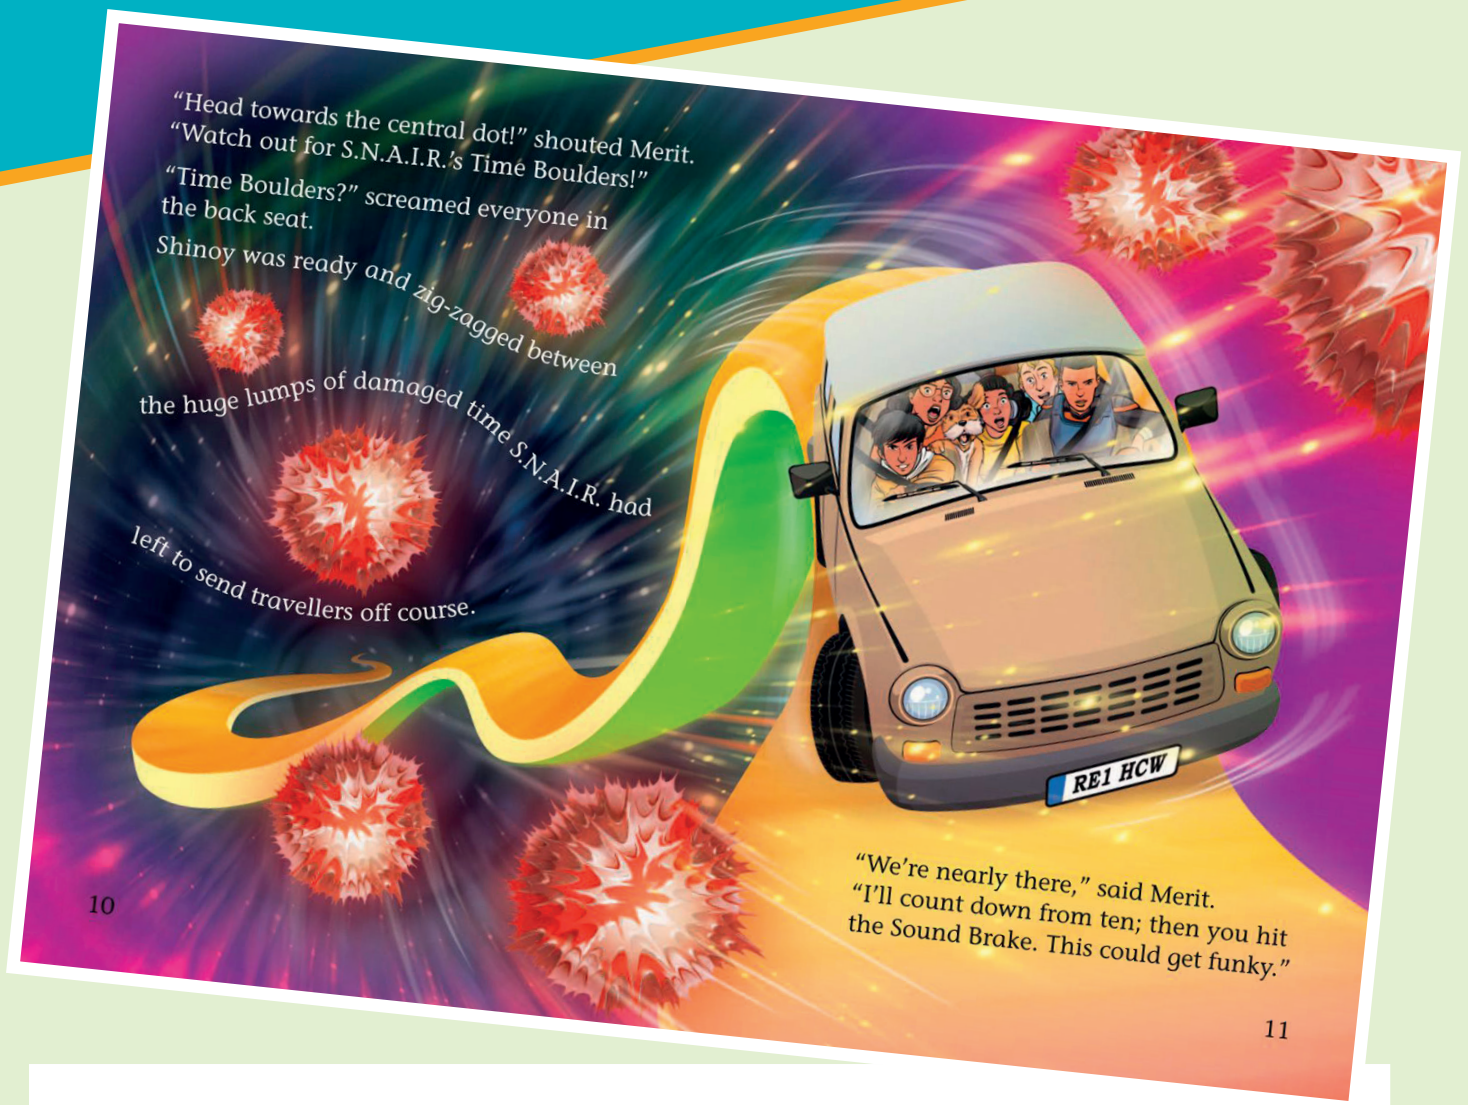
"TOAST!" he shouted, then he disappeared into the main hall.

Shinoy watched him race around, stealing toast from the Breakfast Club.



It was hilarious. It was also really weird, and when really weird things happened, there was only one thing to do.
"Call to Action, Chaos Crew!"

Shinoy activated the app on his phone. From a flash of light, the fierce warrior Salama appeared.



He reached up to the minute hand of the clock.

"I can't get to it," he shouted to Harry.

00:42

"Stand on me," Harry said, preparing himself to take Shinoy's weight. Balancing on Harry's back, Shinoy stretched on tiptoes and just got his fingertips to the minute hand.

Don't look down, Shinoy told himself, and jumped to get a full grip.

00:26 ...

Dangling high above the town from Little Ben's minute hand was not how Shinoy had expected his Saturday to start!
